

## Request to Leave the iT Program Form

The Forest Park Specialty Program is an application based program. Acceptance to the program requires a formal application and 4-year commitment. Classes are specifically designed to meet the iT Careers of its students. Students who decide not to take an iT class in any given year may do so but must leave the program. If FPHS is the student's base school, they will be placed back in the general student population. If the student is a transfer, they will be returned to their base school.

Because this process requires movement within the school's class scheduling and may result in the removal from the school it requires a consensus of the parent, student and administration.

Please complete the following form and return it to your counselor:

It is the wish of \_\_\_\_\_ (iT Student) currently in the

\_\_\_\_\_ Grade to voluntarily leave the program with the understanding that the removal may result in returning to my base school and I will no longer have the opportunity to take iT classes at FPHS.
